Kay Stratton and Pam Chenault are participating in a televised program over WLVA in Lynchburg at 12:30 p.m. this afternoon. They will be telling viewers about the work of Future Homemakers in Appomattox and about the organization of Future Homemakers of America.

Carla Varner is presently serving as President of the Campbell-Appomattox Federation, Future Homemakers of America. The daughter of Mr. and Mrs. Herman Varner of Pamplin, Carla is a junior at Appomattox County High School. During the State F.H.A. Convention this summer, she will be running for president of the Virginia Association, Future Homemakers of America. The following article was written by Carla in observance of National F.H.A. Week.

"The Campbell-Appomattox Future Homemakers of America Federation consists of the following schools: Altavista High, Appomattox Intermediate, Appomattox High, Brookville High, Rustburg Intermediate, Rustburg High and William Campbell High.

All schools join together in the fall and in the spring to have a rally to present programs to promote a greater understanding of our main goal: To improve youth with individual, family, and community living.

In August, we held our Program of Work planning session to plan each event that would take place throughout the year.

This week we are celebrating National Future Homemaker's Week. Our chapter has planned many activities for this week. Our main concern was to let you, the public and our community, know what we were trying to accomplish.

The Fall Rally was held at Rustburg High School on October 16, 1973. The emphasis for the program was "Let Your Light Shine On The Community." To fulfill the topic, each school presented skits on community living.

In November, we held a skating party at Skateland for a money-making project. Everyone who participated had an enjoyable evening.

On March 12, the Officer Candidate Screening was held at Appomattox High. At this meeting a slate of officers was drawn up and it was voted on at our Spring Rally.

On April 2, our Spring Rally was held at Brookville High and the program emphasized "Individual and Personal Living." Each school presented a skit. After the skits the president took charge of the installation of the 1974-75 officers.

Kathy O'Brien, an incoming junior, will represent our chapter in 1974-75 as secretary of the federation.

A leadership workshop was held to enforce the duties of the officers and to help develop leadership abilities.

On April 18, the retiring officers will join together with the 1974-75 officers for a friendly luncheon at the Americana in Lynchburg.

By participating in these activities I have learned many different things about living and being a person. As president of the Campbell-Appomattox Federation, I have learned a great deal of leadership and have gained many abilities in F.H.A."

What Are Future Homemakers All About?

Future Homemakers of America is a group of girls and boys dedicated to making America a better place to live in through individual, family, and community efforts. We are working to improve relationships everywhere.

The F.H.A. member feels that the family is the backbone of America and that the individual is the backbone of the family. We feel that if we can improve ourselves then we will be capable of improving our own individual families, thus improving the community.

The Future Homaker's of America is a large organization. It has been established on the local, state and national levels. Almost every high school in America has a F.H.A. chapter functioning in its school system.
